

Annex D

(A) For consignment conveyed in Sealed Refrigerated Containers:

- (i) The consignment shall be loaded for shipment in sealed refrigerated containers in a place outside Hong Kong and be kept under refrigeration throughout its way to the Hong Kong Special Administrative Region.
- (ii) The original refrigerated container seal number(s) shall be officially recorded and shown on the health certificate issued by the issuing entity of the place of origin.
- (iii) A written statement shall be given by the shipping company certifying that the refrigerated container seal is intact and has not been tampered with in any way during the stay and transit at the country/place of transit.
- (iv) All records registering the temperatures at which the contents of the refrigerated container have been maintained throughout the voyage to the Hong Kong Special Administrative Region shall be produced for inspection by inspectors of this Department.
- (v) A certificate should be obtained from the surveyor(s) in the Hong Kong Special Administrative Region, confirming that he/they has/have inspected the refrigerated container(s), and that the seal(s) has/have been found intact and not been tampered with in any way. Such certificate shall be produced for retention by this Department.

(B) For consignment conveyed other than in Sealed Refrigerated Containers:

A transshipment certificate issued by the issuing entity of the country/place of transit, certifying that the goods were properly imported into the country/place of transit and that during the time there they did not suffer any spoilage or deterioration, shall be produced for inspection.
